MEET the TEACHER Mrs. NeSmith

Hello! My name is Mrs. NeSmith and I am SO excited to be your AC Earth Science teacher. I am passionate about the Earth and love to share my excitement with my students.

I am married and have 2 wonderful children. Hayden is a Sophomore at UWGA studying nursing and Jay a Junior in High School. My husband is a pilot in corporate aviation. If we are lucky, he will may be able to come to school and give us information about what it's like to fly planes in dangerous weather. ☺

I am looking forward to an exciting year with you!

My favorites

Drink: Coffee / Tea

Food: Mexican!!!

Stores: Amazon / Home Depot

Hobbies: Hiking, Traveling, Kayaking, Spending time outside!

Birthday: March 16th

Tips and Tricks for 6th Grade!

Electronics must stay off and in the students' backpacks.

- The first few days of school will be filled with great activities! Be sure to check with your student about what they did and if there is any you will need to fill out or sign.
- When sending in classroom supplies for your student, please be sure to label everything with their first and last name. Lockers will be available in a few weeks.
- Please make sure your student knows how they are getting home each day! An index card with that information tucked into their bag is helpful at dismissal.
- Snacks are a great idea to send in with your students. Beginning lunch times for 6th grade students range between 12:10 and 12:45.
- Please remember that your student's schedule is subject change during the first few days!
